

Access Activate Class Products Page

The screenshot displays the Holt McDougal Online interface for a District Administrator. The main page is titled "Activate Class Products" and includes a sidebar with navigation links: My Account, Administrators, Teachers, Students, Districts, Schools, Classrooms, Products, Import, and Reports. The "Products" link is highlighted, and a yellow callout box labeled "Step 1" points to it with the text "Click **Products**." Below this, another yellow callout box labeled "Step 2" points to the "Activate Class Products" link in the sidebar with the text "Click **Activate Class Products**." The main content area shows a search filter for "1. Search for a product to activate:" with options for "Filter your search by subject:" (All Subjects, World Languages, Other, Language, Social S) and "Filter your search using a product name or ISBN." A modal window titled "The Activate Class Products Tool" is open, providing instructions on how to use the tool. It states: "Use the **Activate Class Products** tool to activate one or more products available for teachers to use in their classes." It then lists "Activate Your Products in Three Steps:" 1. Search for one or more products to activate. You must select at least one subject, or enter either a product name or an ISBN, and then click **Search**. You can update the filters at any time. 2. Select at least one product to activate and at least one classroom to activate it in. 3. Click **Activate**. A note follows: "Note: Some products require you to accept Knewton Terms and Conditions before you can activate them." For more information, click **Help**. At the bottom of the modal is a "Don't show this again" button. A yellow callout box with a question mark icon and the text "Did You Know? Activating Class Products is a three-step process as described here." is also present.
